To The Attorney General:

The following statement is in response to the request for data in the Administrative Case No. 2005-00186, inquiry into the limitations of use for tariffed services designated or otherwise referred to as "unlimited". e-Tel does not have any "unlimited" calling plans in our tariff filed with the Kentucky Public Service Commission, nor do we market or sell any "unlimited" calling plans to our customers.

Respectfully,

Renee Hayden
Manager
